Freight can be arranged at buyers expense.

Rodney Howe the Flier

After 50 years of racing in South Australia and New South Wales. It's time for a change. My last racing season in the Maitland Club and Newcastle and Coalfields Federation was 2010. I love one loft racing, so I am keeping the surviving reference birds for these races, as I only need 25 youngsters a year.

The breeding season is my favourite part of the pigeon sport, I am still breeding youngsters up until March, experimenting, trying to improve, seeing what does and does not work. As a result after severe culling, I have ended up with too many after 5 years. I have bred birds for Rudi Diener, Steve Pickett CCF. Len Johnson and Allan March NCF. All have had success with these birds as can be seen in this catalogue. Best performances, as well as results can be seen in reference birds. All placings are NCF Positions Only.

Some notable ones are:

Breeding The Dam, sister to REF C of 1st CCF Launceston Tasmania for Rudi Diener.

Breeding The Grand Sire, brother to REF C of 2nd CCF Ivanhoe for Rudi.

Breeding 10th Menindee for Rudi.

1st Hunter 10000 Classic for Grant Paterson was a grand daughter from Dam of 1st Launceston.

Breeding 2 Hunter 10000 Classic winners for myself.

Adelaide Pigeon Club Bird of the Year 2014 and Aggregate points winner for Howe and Garland.

Breeding the Dam of 6 NCF Place-getters for Allan March 2013.

Breeding Len Johnsons 4 times NCF placed hen in top 10.

1st Bowen to Queensland 10000 loft in Gympie 850KMS 2014.

8th, 21st, 43rd in Australian Pigeon Punt Victoria.

7th, 8th, 9th in Adelaide 10000, all landing with the Winning bird.

REFERENCE PIGEONS
