

Spezial products in different sizes and design

Roof Top Box for the transport of app. 60 pigeons. Ideal for persons suffering from an allergy – no dust in the car

Speedy – the 30 second loft (app. 2X2x2 m). Ideal for the youngbirds or hens. Built up in 30 seconds without any tools!

The Car-Touring-Box – ideal for the transport of app. 45 pigeons in the backside of a touring car. Measurements: H: 68 x W: 82 x D: 62 cm

Training crate

Feeders available in 3 sizes: 100 cm – 120 cm – 150 cm

Drinker – The drinker is similar to the drinkers in the transporters. It is completely made of aluminium and is the ideal solution to teach the pigeons how to drink on the road.
