**Commissions: John Brislin (03)98505953**

**Kevin Clark (03)97615000 or 0418318165**

**Auctioneer: Ray Fewings**

Due to health circumstances beyond my control I will be putting my entire kit of race and stock birds, and accessories up for auction on the 20<sup>th</sup> May 2007. The lofts will be available for offers after that date.

With a life time involvement in the "Fancy", my racing and breeding revolves around long distance. To this end I've been placed in Eighteen of the last Twenty-Two 500 mile Federation races with an average of 1902 birds, and Ten of the last Eleven 600 mile Federation races with an average of 1203 birds, often taking two places in each of these races. I've won the Victorian Racing Pigeon Union's Old Birds Aggregate once, and the Victorian Homing Association's Old Birds Aggregate Three Times, equal to Keith Saggars and the Late Eric Nancarrow, surpassed only by the Great John Brislin, a Five Times Winner.

I've won FOURTEEN OLD BIRDS FEDERATION RACES, which I believe is the record in the One Hundred and Six years the Victorian Homing Association has been in operation. I've also won two Young Birds Federation races and two VHA Hobart Open races, the VPU's Old Birds Produce 300 miles, and a 300 miles Federation race in the WPF, five Breeder's Plates, winning 1<sup>st</sup> and 2<sup>nd</sup> on three of those occasions. Four of my Federation Winners were from 400 miles, and two of those were Nationals with winning velocities of 949mpm. and 979mpm. respectively, and two 500mile Fed. Winners. I've also amassed over Two Hundred Old Birds Federation positions in the last twenty years.

These performances I am fiercely proud of and I hope they give some indication as to the calibre of Racing Pigeons housed in my lofts. I've always tried to obtain the best pigeons available as I don't believe you can get top performances out of pigeons if it's not in them to give it to you.

It may be worth noting that nearly everyone who has taken pigeons home from these lofts has gained Federation positions with their progeny, and quite a few of them have WON Federation Races.

I've been very fortunate, and proud, to have made many lasting friends through our Pigeon Brotherhood, and in the end that's probably the best part of the sport. Two of the greatest Fanciers, and men, I've ever met are Tom Meehan and Robert Saggars. I'm grateful for their friendship and guidance, as I also am to the Rat Pack - Terry Groves, David Finerty and Brian Engelsman. What wonderful memories..

If I can be of assistance with any of the Lots offered, please do not hesitate in calling me.

*Yours in the sport*  
George Vella

*I first met George Vella when, as a teenager, he would visit our family home and lofts in Yarraville. Even at that early age, his hunger for good pigeons and information was evident.*

*Over the years he has evolved into one of Australia's leading pigeon men; a top competitor, an excellent show judge, and a popular and much sought after seminar speaker. I have been able to accompany him to some of those events, and have seen first hand the respect he has attracted from fanciers within Victoria and interstate.*

*The pigeons within this catalogue are the life-work of a master breeder and fancier, and would certainly complement any loft currently competing. Such is the standard within this loft that no mention has been made in the catalogue of the many club winners, section winners, or the winning of club aggregates. The opportunity to acquire birds of this quality is indeed rare, and I unconditionally recommend them to any serious fancier wanting to go to the next level. In closing, I would add that George Vella is certainly "a man to walk the river with." Fanciers can have complete faith in the recorded pedigrees of these birds, for they have been compiled by a man whose integrity is undoubted.*

**Robert Saggars**

I have known George Vella for many years now and he has been a great friend and mentor to me. I have been very fortunate to obtain birds from George and these birds have given me great pleasure and satisfaction as I have gained many good results with them. One Hen in particular gained me two Federation positions and in turn bred me 6<sup>th</sup> Federation 600miles. George's ability to breed and race is known by all, and he has been one of Victoria's top flyers for many, many years. He is a very well respected flyer whose time is always sought on a Saturday afternoon. George will be sorely missed by all of us who know him and who respect his ability as a pigeon flyer. Those who purchase birds in this sale will as I have, take the next step in gaining better results at some of the more difficult races towards the end of the season.

**Jeff stanley**

*The retirement of George Vella from the sport of pigeon racing, and the subsequent dispersal sale of his entire stock, has provided fanciers with one of those rare opportunities to purchase racing pigeons of exceptional merit from one of the best lofts within Australia.*

*I first met George in 1991, following his outstanding performance in winning that season's Old Bird Aggregate within the Victorian Homing Association. We were to form a firm friendship which lasts to this day.*

*One of the first birds George gifted to me was a blue chequered hen which subsequently bred for me two VHA Federation winners. Another gifted hen was to breed my VHA winner from Launceston, and today 60- 70% of my stock have emanated from the Vella lofts. The Vella introductions have produced for me four Federation winners, plus many placings. I can highly recommend these pigeons, because I know that my successes are not isolated incidents; many fanciers have received birds from George and subsequently achieved considerable success, both here and interstate*

**John Jackson.**

**REF A THE MEEHAN HEN VHA -90-521 Blue Chec Hen Raced and bred by Tom Meehan** off his No.1 Pair. **Sire** was the Deweerdt Cock "TURA" and **Dam** was 85-34141.
