A Request for Support from Fellow Racing Pigeon Fanciers

Dear fanciers,

The Toowoomba & District Pigeon Federation is reaching out to fellow racing pigeon fanciers and seeking your valuable support for the 2027 stock bird auction held at the Toowoomba Racing Pigeon Club, situated within the Toowoomba showgrounds.

We are asking fanciers who may have surplus proven stock birds, or perhaps a surplus race bird with the potential to breed quality racers, to consider donating a bird to this auction.

We all know that some of the best birds in a loft are not always the birds that we have room to keep. A proven stock bird, a reliable race bird, or a youngster from a successful family can be extremely valuable to another fancier looking to strengthen their loft.

This auction provides an opportunity for you to:

- It gives another fancier the opportunity to obtain quality racing or breeding bloodlines.
- You're helping put a proven or potentially valuable bird into another loft to succeed.
- You're supporting the ongoing development and activities of the Toowoomba & District Pigeon Federation.

Auction Proceeds

We want to make the arrangement as straightforward and attractive as possible:

75% of the auction sale price of your bird(s) will go to you as the vendor.

25% will go to the Toowoomba & District Pigeon Federation.

This means that by generously offering a bird, you are still receiving the majority of the proceeds, while helping contribute to the future of the Federation and our sport.

Collection Arrangements

For any birds selected for the auction, if you're unable to attend the auction in person, I am happy to collect over a period to be determined closer to the date of Auction.

Please contact me and we can discuss suitable arrangements.

There is no requirement for the bird to be a current champion. We are simply asking you to consider whether you have a surplus bird with the quality, breeding, performance or potential that another fancier may appreciate.

Every contribution, large or small, will be greatly appreciated.

The Toowoomba & District Pigeon Federation sincerely thanks you for considering our request and for supporting the sport we all enjoy.

Your generosity today can help another fancier tomorrow, while also helping strengthen the future of racing pigeons in our region.

Kind regards,

A handwritten signature in black ink, appearing to read 'D Veenman', with a stylized, cursive script.
